

I-PACE

SPECIFICATION AND PRICE GUIDE
JANUARY 2021

I-PACE SPECIFICATION

Configure your I-PACE at jaguar.no

This is where our I-PACE becomes your I-PACE. You have a number of choices: from selecting your specification pack, exterior and interior colours, and wheels to those detailed touches that make the vehicle your own. You can also design and build your perfect I-PACE on our online configurator at jaguar.no

CHOOSE YOUR MODEL

Pages 4-5

If you would like to specify your own vehicle, turn to page 5 where you can view the standard features on Jaguar I-PACE.

YOUR POWERTRAIN

Pages 6-7

I-PACE'S 400PS power output is the epitome of Jaguar electric vehicle performance, providing sports car acceleration and drivability.

CHOOSE YOUR SPECIFICATION PACK

Pages 8-9

To make your selection of options even easier, you have the choice of adding specification packs - SE or HSE.

CHOOSE YOUR EXTERIOR

Page 10

There's a wide range of exterior options to select from; roof styles, paint colours, the exterior Carbon Pack or Black Pack and wheels - all enable you to truly express yourself.

CHOOSE YOUR INTERIOR

Page 14

Once you've chosen your seat style, select your preferred colourway.

CHOOSE YOUR OPTIONS

Page 16

You can choose from a wealth of factory-fit options to create the exact vehicle you require. A range of accessories which your Jaguar Retailer can fit is also available.

Rett til endringer i priser og spesi fi kasjoner uten varsel forbeholdes. Forbehold om skrivefeil.

Options specified may affect vehicle efficiency and pricing due to local taxation policy. Please configure at jaguar.no or check with your local Jaguar Retailer.

WLTP (Worldwide harmonised Light vehicle Test Procedure) is the new process that has been phased in from 2017, which measures fuel, energy consumption, range and emissions. This is designed to provide figures closer to real-world driving behaviour. It tests vehicles with optional equipment and with a more demanding test procedure and driving profile. Figures are shown for the NEDC and for the new WLTP driving cycle tests. The difference in figures is due to a change in how the vehicles are tested, rather than a reduction in performance.

Official EU test figures from manufacturer tests under EU legislation. For comparative purposes only. Real world figures and overall EV performance data may vary according to driving and environmental variables.
